Washington, D.C. (202) 225-4422

INTRODUCTION

The information for this edition was collected February to April, 1980.

The 1980 Directory of Colorado Libraries and Library Statistics contains listings for 715 agencies and organizations with major categories as follows:

38	academic libraries
129	public library and library district headquarters
108	public library branches
131	public library boards with 691 members
235	special libraries (including federal, state, corporate, institutional, medical and legal libraries)
42	friends of the library groups (8 academic, 33 public and 1 special library)
28	related organizations and institutions

The manuscript was prepared using word processing equipment which was a new experience for the Department of Administration's Word Processing Service and the State Library.

The arrangement of entries in the public library section is different from previous years. Libraries are in alphabetical order by their official name. We have provided an index by city which lists all of the libraries in each community.

Many staff members pitched in to produce this directory verifying information and proofreading endless pages of addresses and phone numbers. Some even recruited spouses to assist. Without their help I would still be proofreading. Thank you Bill Cound, Evelyn Brewster, Barbara Eaton, Nancy Knepel, Bob Knepel, Linda Miller, Pamela Phox and Jim Shubert. And a special thank you to our secretaries Mary Morrissey and Evelyn St. John who proofed statistical tables without complaint. Susan Loss has kept her promise to index the personal names even after she left the state library for another job. Sara Parker who compiled the index by city, has done her penance in advance.

Each organization listed in this edition will receive a courtesy copy for providing information about their library. This directory is not copyrighted and may be reproduced.

July, 1980

1980-1982 EDUCATIONAL PRIORITIES

OF THE

COLORADO STATE BOARD OF EDUCATION

ACCOUNTABILITY AND ACCREDITATION

Assist local school districts with the implementation of accountability and accreditation programs, emphasizing educational excellence and high standards for all students.

EQUAL EDUCATIONAL OPPORTUNITY

Assist and support unique efforts of each school district to provide an equal and relevant educational opportunity for all students including the skills which lead to self-esteem and self-realization. Furthermore, to encourage districts to develop student policies and programs which emphasize respect for one's self and others.

EFFICIENCY AND EFFECTIVENESS

Assist school districts in their efforts to operate efficiently and effectively and, in particular, to find solutions to the problems presented by inflationary increases, rising fuel costs, declining enrollments, and increasing paperwork and data demands.

EDUCATIONAL LEADERSHIP

Support interagency agreements, legislation, and policies beneficial to K-12 education in Colorado. To be aware of developments in the new U.S. Department of Education to ensure respect for state and local control with accountability. To provide opportunities for all citizens to address educational problems and contribute to their solutions.

TEACHER EDUCATION

Assist the 15 teacher education programs in their responsibility of providing high quality personnel for Colorado schools and encourage responsible teacher education programs leading to the professional growth of the teaching profession.

PARENT INVOLVEMENT

Assist school districts in increasing the involvement of parents by apprising them of their rights and responsibilities and ways in which they can support the education of their own children.

STATE LIBRARY DEVELOPMENT

Develop specific regional and statewide plans for implementation of recommendations coming from the recent Governor's Conference and White House Meeting on Libraries.

SCHOOL FOR THE DEAF AND THE BLIND

Follow through on the studies begun in 1980 to set the role and mission of the School for the Deaf and the Blind for the next five years. Continued emphasis should be given to programs for parents of deaf and/or blind children in Colorado.

COLORADO COUNCIL FOR LIBRARY DEVELOPMENT

The Colorado Council for Library Development, established in 1962 to advise the Colorado State Board of Education and the State Library, is empowered to study and recommend action on matters affecting all types of libraries in Colorado. It also acts as the official advisory body for programs under the Library Services & Construction Act.

THREE CODES FOLLOW EACH SPECIAL LIBRARY LISTING. THESE INDICATE THE AVAILABILITY OF SERVICES OFFERED BY THESE LIBRARIES.

Code 1
P - Open to the general public for reference
S - Open to some people by special arrangement
0 - Closed to the public

Code 2
IL - Interlibrary loan available
C - No interlibrary loan but photocopy available
0 - Neither service available

Code 3
TR - Telephone reference available for public or libraries
TRL - Telephone reference available for libraries only
0 - No telephone reference

For example P, IL, 0 would mean that the library is available for in-house reference use by the general public and that it provides interlibrary loans but that it will not provide telephone reference service.
